

The Shriners Hospital in Boston is a 30-bed pediatric burn hospital providing comprehensive acute care and reconstructive and rehabilitative care to children who have been burned. A brand-new hospital was recently constructed in Boston to replace the old facility. There is no charge to the patient or family for any of the medical care or services provided by Shriners Hospitals. This hospital is one of 22 Shriners Hospitals throughout North America. The Boston Hospital is equipped and staffed to treat the following:

- Acute burns
- Patients needing plastic reconstructive or restorative surgery as a result of "healed" burns
- Severe scarring, resulting in contractures or interfering with mobility of the limbs
- Scarring and deformity of the face

Thank You!

On behalf of the Mustang Car Club of New England, Bektash Shriners and Shriners Hospital we would like to thank you for your consideration in becoming a vendor and donating an item for our charity raffle.
